## **Emerging Architecture: GRAFT speaks at RIBA**

Emerging Architecture: Studio Sanjeev Shankar + GRAFT  
23 February 2010

6:30 PM - 8:00 PM

Venue:

RIBA 66 Portland Place, London W1B 1AD

Description:

Please note this lecture has now moved to the Jarvis Hall and more tickets are available.

GRAFT will present its project for the Make It Right Initiative, rebuilding the Lower Ninth Ward of New Orleans damaged by hurricane Katrina. Instigated by MIR and its founders Brad Pitt, GRAFT, Bill McDonough and Cherokee, a group of high-profile and influential international architects were engaged to develop affordable house typologies for low income residents incorporating the latest in sustainable construction and design.

Fees:

Tickets £8.50/£5.50 unless otherwise stated. Advance booking essential.

# Kulturforum - wach küssen! (Public Workshop)

The Kulturforum has a long, partially controversial, record in Berlin's urban planning history. An extensive workshop-process in the Berlin Senate Department for Urban Development has enabled the meeting of important protagonists for constructive discussions. The result is a proposition for Landscape Architects Valentien und Valentien and contains a chronologically layered development. Intermediate results as well as longterm changes will be presented.

23. February 2010, 18.00 o'clock  
Ausstellungsfoyer  
Haupteingang des Kammermusiksaales  
Herbert-von-Karajan-Straße 1  
10785 Berlin

Regula Lüscher - Director Senate Department for Urban Development, Berlin  
Prof. Donata Valentien - Landscape Architect, Munich  
Thomas Willemeit - Architect (Graft), Berlin  
Andreas Schulz - Lighting Designer/Consultant, Bonn / Berlin  
Markus Bader - Architect (raumlabor), Berlin

Moderation  
Thomas Dallüge - Procedural Moderator

Your opinions and suggestions count, we invite you to attend. For further information please see the PDF below, and visit the german portion of our website.

## Invitation to GRAFT and GRIFFNER Press Briefing

**Graft and GRIFFNER announce Joint Cooperation during Berlinale**

GRIFFNER, specialist for eco-efficient building, and GRAFT will present a revolutionary new housing type during their own press briefing: . The occasion being the premiere of the

documentary „The 4th Revolution – Energy Autonomy“, during the Berlinale. Presenting will be:

GRIFFNER-Executive: Thomas Lenzinger,  
Graft-Partner: Thomas Willemeit  
Filmmaker: Carl-A.Fechner

18. Feb. 2010

at 11:00 a.m. in the GRIFFNER Solarbox behind the Martin Gropius Bau (Niederkirchner Str. 7, 10963 Berlin).

GRIFFNER und GRAFT will be showcasing their Duplex design, in competition for the IBA 2013 (Internationale Bauausstellung in Hamburg) category: „Smart Material Houses“.

This space efficient design answers the necessity for preserving the depleting resource urban living space. The concept's goal of Smart Materials and Technologies is a healthy living environment through the production of clean indoor air and complete coverage of personal energy needs through regenerative sources.

05. Feb. 2010

# Boulevard of the Stars - Press Conference Invitation

The Boulevard of Stars will be Berlins very own adaptation of the Walk of Fame, located at Potsdamer Platz. We invite you to the official Press Conference on 05. Feb. 2010 to learn everything about the unveiling of the first star during the inaugural ceremony (12. Feb.):

Date: Friday, 05. Feb 2010, 11:00 am

Topic: Unveiling of first Star for the BOULEVARD of the STARS

Location: Presse- und Informationszentrum – Raum 4,  
Reichstagsufer 14, 10177 Berlin

The Podium will be held by:

Regula Lüscher, Senator Department of Urban Development, Berlin

Hans Helmut Prinzler, Member of the Boulevard of the Stars Jury

Georgia Tornow, CEO Boulevard der Stars GmbH

Presenting the Project:

Prof. Joachim Sauter, ART+COM

Lars Krückeberg, GRAFT

Through recreating the spectacle of the movie premiere, this “Walk of Fame” will vary from others of its kind in the sense that it will be an intelligent continuance Berlin deserves. The intent of Graft and Art+Com, supported by WES&Partner, is to go beyond the design of the Hollywood icons, and stage an integrated urban solution. Borrowing techniques and motives from the movie world, while incorporating a system of information that points to venues and events, the “Walk of Fame” prepares the visitors for the attractions of the environment of the Boulevard.
